

CITY OF CAPE CORAL
REQUEST FOR SOLE SOURCE OR SINGLE SOURCE PURCHASE

Requesting Department: Utilities Dept./Water Reclamation

Vendor Name: FJ Nugent

Address: 269 Hunt Park Cove Longwood, FL 32750

Phone: 407-936-1139 E-Mail: tmeyers@nugentco.com

Price: \$29,571.00

Description of item to be procured: 24" OD can with outlet T and flange

1.) Uniqueness of vendor's item/service. How is this vendor the only vendor uniquely qualified to provide the product or service: F.J. Nugent & Associates, by contract is the sole supplier for Grundfos products for the peninsular Florida municipal wastewater marketplace.

2.) Market Research. Describe other, similar sources or products available in the market, if any, and why they are not acceptable: This item is not available through any other vendor.

3.) Proposed Actions. Describe the actions the department will take to overcome the present barriers to competition for any future acquisition of this product or service: We will continue to stay informed of advancements in emerging and available components, processes, and equipment capable of meeting the needs of Utilities and the Community and include evaluations of different manufacturer's products as appropriate for future projects.

Attention: Brad Trautman, Reuse/Residuals Coordinator

Subject: Grundfos KPL Pump and Pump Discharge Tube

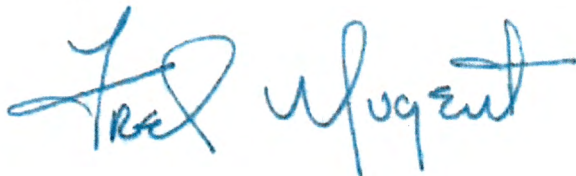

Dear Brad:

This letter is to confirm the Pump Discharge Tube is an integral part of the Grundfos KPL pump assembly.

In order to provide the Manufacturer's Warranty, we as the Sole Source Authorized Grundfos representative are required to furnish the Pump Discharge Tube. Doing so maintains the Unit Responsibility for the proper operation, seating and interfacing between the new KPL pump and the Pump Discharge Tube. This is a requirement of the manufacturer and also standard in the industry.

Please let me know if you have any questions or need further information.

Sincerely,

Fred J. Nugent
President

MEMORANDUM

CITY OF CAPE CORAL
UTILITIES DEPARTMENT

TO: Mark Mason, Finance Director
Wanda Roop, Procurement Manager

FROM: Jeff Pearson, Utilities Director 

DATE: November 7, 2023

SUBJECT: Sole Source Request to FJ Nugent & Associates, Inc.

Water Reclamation is requesting a Sole Source purchase order in the amount of \$29,571.00 for FJ Nugent and Associates, Inc. to purchase one (1) 24" outside diameter (OD) submersible pump can with outlet "T" and flange for the City's North South Transfer Station.

Water Reclamation utilizes four 25 HP axial flow pumps to transfer surface water from North of Pine Island Road to South of Pine Island Road. One pump has failed and a new KPL 25 HP Grundfos axial flow pump has been ordered as a replacement. The current 24" OD can with outlet "T" and flange will need to be replaced as well to meet the manufacturer specifications and warranty requirements.

A quotation was received from FJ Nugent and Associates, Inc. They are the sole source provider of Grundfos axial flow pumps. Staff's recommendation is to purchase one 24" OD can with outlet "T" and flange, including freight, for the not-to-exceed amount of \$29,571.00.

The City will be using Resolution 266-23, Line #91, "Rehab all Adams Strainers" and Line #92 "Replace Grinder Pumps" as funds to pay for the replacement pump can. These funds are available in Tyler Account #400-36018-564101, Capital Equipment.

JP/ap (Sole Source Request to FJ Nugent & Associates, Inc.)
