Description

MOTORIZED ACTUATORS FOR THE TURBLEX SINGLE STAGE CENTRIFUGAL BLOWERS AT SOUTHWEST WATER RECLAMATION.

1.) Uniqueness of vendor's item/service. How is this vendor the only vendor uniquely qualified to provide the product or service:

Barney's Pumps is the sole source provider for Howden OEM replacement parts/services, field services and technical support for Turblex Blowers.

2.) Market Research. Describe other, similar sources or products available in the market, if any, and why they are not acceptable:

The Water Reclamation Division currently has Howden/Turblex Blowers at the Southwest Water Reclamation facility. No other Brand actuators will work with their blowers and will void any service agreements or warranty.

3.) Proposed Actions. Describe the actions the department will take to overcome the present barriers to competition for any future acquisition of this product or service:

Utilities will perform continuing, further research on companies, components, processes, and equipment capable of meeting the needs of Utilities and the community. Research factors include but are not limited to costs, specifications of existing equipment, compatibility and processes, and reliability.
