BRC26-000380	Applied: 2/27/2026 Issued: Expire:	Residential Construction	BLD - Remodel	The proposed work consists of the installation of an outdoor kitchen within an existing covered exterior patio area of the residence. The area was previously constructed and remains open-air; no new walls, partitions, or enclosed structures were added or modified as part of this project. The existing roof/ceiling structure was not altered in any way. The outdoor kitchen includes the installation of base cabinetry, wall-mounted cabinetry, countertops, and a backsplash for outdoor food preparation and storage. All cabinetry and finishes are non-structural and surface-mounted only. No load-bearing components were installed or modified. The outdoor kitchen includes a gas-powered stovetop and gas oven installed for outdoor cooking use. The gas appliances are supplied by an existing gas line and no electrical connections are required for operation under this scope of work. No electrical work is included in the project.
