FY 2026 PERFORMANCE AT A GLANCE

1st Quarter - Compared to target of 25%

FUND DASHBOARD

	Revenues	Expenditures	Page
General Fund			3
<p>General Fund revenues are currently at 57.60%, surpassing the 25% target. This is largely attributed to property tax collections facilitated by the Lee County Tax Collector through ad valorem tax bills. To ensure timely payments, taxpayers face penalties and interest if payments are late, thereby encouraging early or advance payments to qualify for discounts. Meanwhile, expenditures exceed the 25% target at 31.27%. However, excluding encumbrances, the expenditure rate would be below the 25% target at 22.73%.</p>			
Special Revenue Funds			4
<p>Special Revenue <i>Operating Funds</i> have achieved 61.53% of their budgeted revenues, surpassing the 25% target. This is primarily driven by Lot Mowing, Fire Operations, and Solid Waste Management funds. These funds collect fees through the Lee County Tax Collector and are paid via the ad valorem tax bill. To ensure timely payments, taxpayers face penalties and interest if payments are late, thereby encouraging early or advance payments to qualify for discounts.</p> <p>Meanwhile, expenditures are currently at 38.47%, exceeding the 25% target by 13.47 percentage points. The main contributors to this expenditure level are the Lot Mowing, Solid Waste Management, and All Hazards funds. However, excluding encumbrances, the expenditure rate would be below the 25% target at 20%.</p>			
Capital Project Funds			N/A
<p>Capital Project Funds include governmental and enterprise funds that are used for tracking the financial resources used to acquire and/or construct major capital assets. The Capital Project Funds account for and report financial resources that are legally restricted and contractually required for the acquisition of capital assets. Capital Project Funds include multi-year capital projects. Multi-year projects include appropriations of funds from prior years that will stay with the project until expended. Capital Project Funds are not operating funds; and therefore, have been excluded from further analysis. Individual projects are reported separately in a CIP Quarterly report.</p>			
Enterprise Funds			5
<p>Enterprise Fund revenues stand at 31.14%, exceeding the targeted rate for this quarter by 6.14 percentage points. On the other hand, expenses are slightly above the target at 32.47%. Excluding encumbrances would put expenses below the 25% target at 20.85%.</p>			
Internal Service Funds			6
<p>Internal Service Funds provide essential services to departments Citywide by managing activities that supply goods or services to other funds and component units of the primary government on a cost-reimbursement basis. The City operates five Internal Service Funds: Risk Management, Property Management, Fleet Management, Health Insurance, and Capital Improvement Project Management. The timing of revenue collection and expenditure occurs in accordance with the delivery of services.</p> <p>Currently, revenues are below the targeted 25% mark, standing at 20.29%. This reflects the timing of service provision affecting revenue realization. Meanwhile, expenditures are slightly below target at 23.48%. Excluding encumbrances, the expenditure rate is well below the target at 17.59%.</p>			
Charter School Authority*			7
<p>The Charter School Authority operates as a component unit of the City of Cape Coral, with its fiscal year ending on June 30th. Revenues primarily consist of funding from the Florida Education Finance Program, slightly below target at 45.92%. Expenses, including encumbrances, are slightly above the target rate at 50.53%. This financial overview highlights robust revenue performance driven by state funding, coupled with diligent expenditure management within the Charter School Authority.</p>			

* Charter School amounts reflect through 2nd Quarter, from July 1 - December 31 fiscal year

FY 2026 PERFORMANCE AT A GLANCE

1st Quarter - Compared to target of 25%

OVERALL GENERAL FUND PERFORMANCE

In the first quarter, General Fund revenues exceed the target of 25%, at 57.60% of budget. This is primarily due to the receipt of 84.46% of property taxes. This performance is in line with the previous two fiscal years.

General Fund expenditures, including encumbrances (purchase orders and contracts for services for one year), are at 31.27%, 6.27 percentage points above this quarter's target of 25% but similar to last year's Quarter 1 performance. Without accounting for encumbrances, the General Fund's expenditures would be at 22.73 percentage of the budgeted amount. As noted above, with the comparatives of previous years, the City is in similar expenditure pattern.

FY 2026 PERFORMANCE AT A GLANCE

1st Quarter - Compared to target of 25%

OVERALL SPECIAL REVENUE OPERATING FUNDS PERFORMANCE**

Special Revenue Operating Funds have achieved 61.53% of their budgeted revenues, surpassing the target rate of 25%. This is primarily driven by the Lot Mowing, Fire Operations, and Solid Waste Management Funds, which have reached 80.08%, 66.98%, and 75.01%, of their respective budgets. These amounts reflect fee assessments collected in advance, similar to property taxes, with the majority typically collected early in the fiscal year. As we enter the second quarter, minimal revenue collections are anticipated in these funds.

Expenditures are at 38.47% of budget, surpassing the 25% target by 13.47 percentage points. The primary contributors to this expenditure rate are the Lot Mowing, Solid Waste Management, and All Hazards Funds. The primary reason for this high percentage of expenditures to date is the Solid Waste Fund's annual encumbrance to Waste Pro and Lee County of roughly \$24.1 million for annual collection and disposal of solid waste, of which approximately \$20.2 million remain encumbered. Fire Operations' major encumbrance is for the purchase of fire vehicles. Lot Mowing's major encumbrance is for contracted services of vacant lot mowing. Excluding encumbrances from these three funds, the expenditure rate would be 20.7% in the 1st quarter of FY 2026.

Excluding encumbrances, expenditures would be below the target at 20.0% of the budgeted amount.

FY 2026 PERFORMANCE AT A GLANCE

1st Quarter - Compared to target of 25%

OVERALL ENTERPRISE OPERATING FUNDS PERFORMANCE

Enterprise Fund revenues are currently at 31.14% of the budget, exceeding the 25% target by 6.14 percentage points. Utility revenues exceeded last year's performance by 1.84 percentage points for the same period. Stormwater Utility Fees, an assessment collected on the tax bill, make up the majority of revenues in the Stormwater Fund. The majority of this revenue source is typically collected during the first quarter of the fiscal year. The Yacht Basin Fund performed under the targeted 25%, with revenues at 21.75% of the FY 2026 budget. This is mainly due to the Yacht Basin being only partially reopened after closure, due to Hurricane Ian. As the basin fully reopens, revenues are expected to recover. Overall, total revenues for the quarter are in line with the previous fiscal year.

Expenses from the Enterprise Fund are above the budget at 32.47%, 7.47 points above target. This expense level is due to encumbrances from last year that carried over to this year. Excluding encumbrances, expenses would be at 20.85 of budget.

FY 2026 PERFORMANCE AT A GLANCE

1st Quarter - Compared to target of 25%

OVERALL INTERNAL SERVICE OPERATING FUNDS PERFORMANCE

Internal Service Funds are established to account for any activity that provides goods or services to other funds and component units of the primary government on a cost-reimbursement basis. Timing of revenue received and expenditures incurred depends on the timing of services provided and reimbursement from other funds. Revenues fell short of the target this quarter due to demand of services and timing of reimbursement from other funds. Expenditures are slightly below target at 23.48%. Excluding encumbrances, expenditures fell below target at 17.59% also due to demand of services. Performance this quarter for both revenues and expenses are in line with the previous two fiscal years.

FY 2026 PERFORMANCE AT A GLANCE

2nd Quarter - Compared to target of 50%

OVERALL CHARTER SCHOOL PERFORMANCE

The Charter School Authority operates as a component unit of the City of Cape Coral, with its fiscal year ending on June 30th. Revenues encompass funding from various sources, including the Florida Education Finance Program, capital and operating grants, contributions, charges for services, and interest income. Through the 2nd quarter, revenues exceed the target of 50% at 52.02%.

Meanwhile, expenses, inclusive of encumbrances, are slightly above the target at 50.53%. Historically, actual expenses tend to fall behind budgeted amounts until Quarter 4, aligning with the conclusion of the school year and fulfillment of contractual obligations. This pattern underscores the proactive financial management and strategic planning employed by the Charter School Authority to ensure fiscal stability and adherence to budgetary allocations throughout the fiscal year.
